

2011 COSEB MWRD 03

I, George Blakemore, object to all of the petitions filed by Patricia Dohy Thompson, Marie Steele, and Debra Shore on the grounds that some unknown number of the petitions are fraudulent.

Debra Shore circulated 2 different petitions to voters in Cook County. At the Green City Market in November, she presented petitions to voters that bore only her name. In neighborhoods on the south side she circulated petitions that contained her name and included the names of Patricia Dohy Thompson and Marie Steele.

The petitions Debra Shore circulated which contained only her name have been altered and

manipulated by changing the reading, to add the names of Ken Stull and Patrick

Deley Thompson.

The petition is filed by all 3 candidates we met, in all cases, the petition has voters thought they were ~~not~~ signing.

In addition to being a fraud on the voters who signed the petition it is unfair to candidates such as myself, who were not given the opportunity to be listed with other office-seekers. We were, therefore, at a disadvantage in seeking signatures in order to see our names placed on the ballot.
